STATE SPECIFIC INSURANCE SCORE NOTIFICATIONS

Oregon	<p>To offer an accurate quote in connection with this application for insurance, we will review the applicant's credit report or obtain or use a credit-based insurance score based on the information contained in that credit report. An insurance score uses information from the credit report to help predict how often you are likely to file claims and how expensive those claims will be. Typical items from a credit report that could affect a score include, but are not limited to, the following: payment history, number of revolving accounts, number of new accounts, the presence of collection accounts, bankruptcies and foreclosures. The information used to develop the insurance score comes from the following consumer reporting agencies: Experian, TransUnion, or Equifax. A lack of credit history will not affect whether your application is accepted; however, it may affect the quote offered. We may use a third party in connection with the development of the applicant's insurance score.</p> <p>If you have questions regarding our use of insurance scoring, please send your request to: Property Underwriting Markel American Insurance Company P.O.
